Career Objective

Motivated and detail-oriented Bachelor of Computer Applications (BCA) graduate seeking an entry-level position in the IT industry where I can apply my technical knowledge, problem-solving abilities, and eagerness to learn while contributing to organizational growth.

Education

Bachelor of Computer Applications (BCA)

Progressive Education Society's Modern College of Arts, Science and Commerce, Pune

Graduation Year: 2025

Higher Secondary (12th)

School: Govt. Boys Higher Secondary School , Kathua

Board: JKBOSE

Year: 2022

Percentage: 81%

Secondary (10th)

School: Learning Temple English Medium High School , Kathua

Board: JKBOSE

Year: 2020

Percentage: 78.8%

Technical Skills

- C, C++, Java, Python (Basic)
- HTML, CSS, JavaScript
- MySQL , PostgreSQL , Sqlite
- Windows
- MS Word, Excel, PowerPoint
- Basic Computer Networking

Academic Project

Learning Management System

Technologies: Python, PHP, HTML, CSS, JavaScript, XAMPP, MySQL

- Developed a web-based Learning Management System to simplify course and student management.
- Designed a secure login system with authentication and role-based access for administrators, instructors, and students.
- Built modules for course creation, enrollment, assignments, study materials, quizzes, and announcements.
- Implemented CRUD (Create, Read, Update, Delete) operations for efficient management of users, courses, and learning resources.
- Integrated a MySQL database to securely store student records, course details, assignments, and user credentials.
- Developed responsive and user-friendly interfaces using HTML, CSS, and JavaScript for a smooth user experience.
- Used PHP and Python to implement backend logic and handle data processing.
- Configured and tested the application locally using the XAMPP server environment.
- Added input validation and error handling to improve data accuracy and application reliability.
- Optimized database queries to improve application performance and reduce response time.
- Implemented session management to maintain secure user authentication throughout the application.
- Performed functional testing and debugging to identify and resolve issues before deployment.
- Followed a modular coding approach to improve maintainability and scalability of the project.
- Documented project features, database schema, and workflows for easier maintenance and future enhancements.

Strengths

- Quick Learner
- Problem Solving
- Team Player
- Time Management
- Adaptability

Languages

- English
- Hindi

Hobbies

- Learning New Technologies
- Listening to Music

- Reading
